FILE SHARING AND PERMISSION MANAGEMENT

The screenshot displays a file management interface. On the left, a list of files and folders is shown with columns for checkboxes, file icons, names, sharing status, more options, size, and time. The 'Showcase 2019' folder is highlighted. On the right, a sidebar with tabs for 'Activity', 'Comments', and 'Sharing' is visible. The 'Sharing' tab is active, showing a search bar, a 'Share link' button, and a user 'Surapong Rujiratorn' with a 'Can edit' permission. A dropdown menu for permissions is open, listing options like 'Can reshare', 'Can create', 'Can change', 'Can delete', and 'Set expiration date'.

	File Name	Icon	Status	More	Size	Time
